David A. Cook, Chairman

Region 30 700 and 800 MHz Planning Committees
Chief

East Greenbush Fire Company

Telephone: (518) 956-2812

FAX: (518) 477-6085

eFax: (408) 580-8496

Email: dcook@fedeng.com

7 July 2008

PURPOSE AND SCOPE

The purpose of this addendum is to provide the required written evidence from the adjacent-regions indicating that they have no objections to the revisions made to the proposed Regional Planning Committee (RPC) 30 700-MHz Plan in adherence to the Second Report and Order (R&O), the reconfiguration of the 700-MHz Band.

This addendum includes the official, written correspondence from FCC RPCs:

- 8 (New York – Metropolitan);
- 19 (New England);
- 28 (Eastern Pennsylvania, Southern New Jersey, and Delaware);
- 36 (Western Pennsylvania); and
- 55 (New York – Buffalo).

Subject: Proposed RPC 30 700-MHz Plan

NOTE: This message is being sent by Travis C. LePage on behalf of Bill Gardner, FCC RPC 8
Chairman

Dear Chairman Cook,

The purpose of this correspondence is to provide FCC Regional Planning Committee (RPC) 30 with official, written documentation that RPC 8 (Metropolitan New York City area) does not have any objections to the revisions incorporated in the 24 April 2008 release of the Plan.

Should you have any questions, comments, or concerns, please contact myself, Lieutenant Anthony Melia, or Travis LePage.

Regards,

/s/
Bill Gardner

RPC 19, NEW ENGLAND

The New England 700 MHz Committee Region 19

May 9, 2009

Mr. David Cook, Region 30 700MHz Chairman
2813 Phillips Road
Castleton, New York 12033

Dear Chairman Cook:

On March 11, 2009 the New England Region 19 700MHz Committee identified as an Agenda item Region 8 and Region 30 request for concurrence of its modified 700MHz plans. The changes to the plan were presented to members of the Region 19 700MHz Committee and questions were addressed by a member of your committee, Mr. Travis LePage. At the conclusion of discussion, a motion was raised to accept the changes to your plan and approve your Region's 700MHz Plan as modified. The motion was passed unanimously.

By this letter, the New England Region 19 700MHz Committee concurs with your Region's 700MHz Plan as modified.

Should you have any questions, please call me at 860-685-8108.

Sincerely,

George Pohorilak
Chairman, Region 19 700MHz

David,

I have not made any formal response to you as my understanding is the Low Power Interop channels are shared by all regions and should not interfere with Region 28, unless you know any reason that we should be concerned?

Richard
R28 Chair

FCC Regional Planning Committee (RPC) 30)	WT Docket No. 02-378
)	
Public-Safety Communications Plan for the)	PSHS Docket No. 06-229
769- to 775-MHz and 799- to 805-MHz bands)	FCC Docket No. 07-132

Dear Mr. Reynolds:

On February 5, 2008, I delivered to you (via FedEx with delivery confirmation) correspondence on behalf of Regional Planning Committee (RPC) 30 regarding its proposed 700-MHz Plan.

The correspondence identified that RPC 30 revised its proposed Plan in accordance with the Second Report and Order adopted by the FCC on July 31, 2007 and that procedures to administer the Low-Power Interoperability Channels were included.

Furthermore, the correspondence requested that should the above-mentioned revisions impact RPC 28's original concurrence determination, to contact me at your earliest possible convenience.

I have not received formal feedback from your Committee regarding the revisions and therefore infer that the revisions do not impact the original concurrence determination granted to RPC 30 from RPC 28 on June 14, 2007.

Should this understanding be inaccurate, please contact me at your earliest possible convenience. RPC 30 plans to submit its proposed 700-MHz Plan to the FCC by the end of this month.

On behalf of RPC 30, I thank you for your attention to this matter. The proposed RPC 30 700-MHz plan is the result of the dedication and perseverance of everyone involved in its development, including our neighboring regions. We believe that this Plan best meets the needs and requirements of our public-safety community.

Respectfully,

David A. Cook
FCC RPC 30 700 and 800-MHz Chairman

Dear Mr. LePage:

My apologies for not replying to your request to review Region 8, 30 and 55s 700 MHz Plan as quickly as you desired. Region 36 (Pennsylvania) concurs with the Region 8, Region 30 and Region 55 700 MHz plan. Region 36 has reviewed the 700 MHz plan submitted by the Regions, and is satisfied that the plans takes into account the necessary considerations to coordinate with adjacent regions.

Region 36 looks forward to working with Region 8, 30 and 55 in coordination of 700 Mhz and other spectrum issues in the future.

Please contact me if you have any questions on this concurrence.

Sincerely

Randall J Brozenick, Chairman
700 MHz Committee of Region 36

RPC 55, NEW YORK – BUFFALO

Dear Chairman Grube (Joe) :

In speaking with the FCC last week regarding the status of the proposed RPC 30 700-MHz Plan, I learned that they are requiring RPC 30 to obtain written (i.e., email) concurrence from the adjacent-regions regarding the revisions that we made to the Plan per the FCC's Report and Order.

Would you respond via email indicating that RPC 55 has no objections regarding the revised RPC 30 Plan?

Thank you,

David
